A Message from Our President

ALFREDO CENTOLA

Just a note, to say thank you to our wonderful neighbors and many supporters.

When this civic was started, we were focused on one or two issues within our community. One of the major issues was the village and our small businesses, after years of organizing and working together with the local merchants, the Whitestone Merchants Association was formed. When they refused to put a four way stop sign on 17th avenue, we organized with members of the immediate area and although DOT refused to do anything we pressed forward and with a press conference and video of several accidents DOT quietly and quickly placed a 4-way stop in the early hours before the guaranteed to be embarrassing press conference. When the complaints about the Parks upkeep got to a point where complaining alone wouldn't cut it, local members stepped up and the Friends of Francis Lewis Park group was formed. My Mantra has always been GET UP, GET OUT AND GET INVOLVED.

Our community has heeded the call and has GOTTEN UP, GOTTEN OUT AND GOTTEN INVOLVED. There are issues that still need to be resolved and there are issues that will come up, after all this is NYC and we are but a suburb in that vast mosaic. Our community is a hidden gem with many hidden gems and is an extremely desired community for all families. The level of excitement and involvement in our many endeavors is more than proof of just how special our community is. To see the inspiration that comes from your involvement, is breathtaking and a source of pride that cannot be expressed.

So please continue to GET UP, CONTINUE TO GET OUT AND CONTINUE TO GET INVOLVED. This is our community, and we will continue to make the difference.

"GET UP, GET OUT AND GET INVOLVED."

Operation: Give Back, 2021 Toy Drive

ARIANNA SORRENTO

Hi Everyone!

Hope you all had an amazing holiday. I wanted to provide you with a final update on Operation: Give Back!

We had about 2,000 toys donated this year and raised over \$2,200! With these donations, we were able to spread the love and donate to multiple charities across Queens/Long Island. With the funds, we were able to buy gift cards, baby diapers and baby wipes to be donated.

Donations were made to the following charities and organizations:

- Ronald McDonald House Charities New York Metro (267-07 76th Ave, New Hyde Park, NY)
- Ohel Children's Home and Family Services
<https://www.facebook.com/ohelfamily>
- The Bridge To Life, Inc. (x2)
- New York Families For Autistic Children
<https://www.facebook.com/NYFAC.HB/>
- Family & Children's Association
- The Dollicia F. Holloway Memorial Foundation, Inc.

Thank you to Alfredo Centola for pushing me to do this again this year! I also thank him for supporting and helping me with this toy drive for the second year in a row! And thank you to our local shops who allowed us to have our donation boxes in your store (Harpell Pharmacies - Natural Markets & Juice Bars, Exxon, Whitepoint Cleaners & Bagel Parlor)!

Special thank you to my family + fiancé for helping make this happen again this year. I literally wouldn't have been able to do this without you and all of your help.

Most importantly, I wanted to personally thank all donors for your support. You don't understand how your donations had not only a huge impact on myself but to SO many children + families. This is because of you all and I can't ever thank you enough.

I am wishing you all a happy, safe, healthy & fun New Year! See you again next year!!

Sincerely,
Arianna Sorrento

OPERATION: GIVE BACK

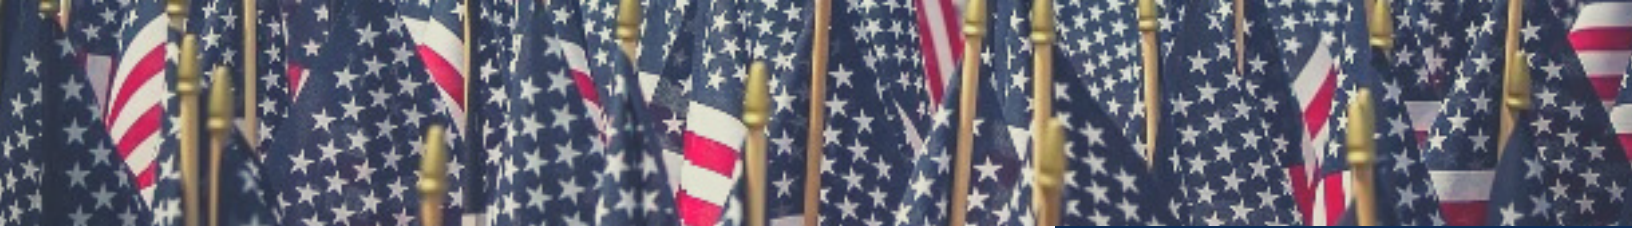

2021 TOY DRIVE

FROM THE BOTTOM OF OUR HEARTS, WE THANK YOU FOR YOUR DONATIONS. YOUR DONATIONS WENT DIRECTLY TO CHILDREN WHO ARE LESS FORTUNATE THAN US. WE ARE EXTREMELY THANKFUL FOR YOUR GENEROSITY!

MANY THANKS!

DONALD J. SCHROEDER, PHD

Hi! My name is Donald Schroeder. I am 83 years old. My family moved to Whitestone in 1946 when I was seven years old, and I have remained a resident of this oasis of NYC ever since. My father was an NYPD sergeant and my mom cooked for the priests from St. Luke's for over twenty-five years.

In 1952 I graduated from St Luke's grammar school and for the next four years I traveled for about three hours a day back and forth from Whitestone to downtown Brooklyn to attend Bishop Loughlin Memorial High School. Upon graduation in 1956 I was very proud to become a plebe majoring in marine engineering at the United States Merchant Marine Academy at Kings Point. Four years later I graduated from Kings Point with honors and was awarded a Bachelor of Science degree, a commission as a Lieutenant in the United States Navy, and a Coast Guard issued license to sail as a Third Assistant Engineer on United States merchant ships.

At the time of my graduation from Kings Point compulsory military service was still in effect. Therefore, to satisfy this military obligation, I sailed in the merchant marine for three years and visited dozens of foreign countries in the process. The primary life lesson I learned from that three-year period was how extremely fortunate I was to have been born in the USA. I truly wish that all the present-day critics of this country knew more about the living conditions in many foreign countries. If they did, I believe they might temper their criticism.

After I satisfied my military obligation, in 1964 I fulfilled my lifelong desire to become a member of the New York City Police Department. Then in 1967 I was promoted to the rank of sergeant, in 1969 I became a lieutenant, and in 1973 I achieved the rank of captain. By going from a rookie cop to a captain in less than ten years I am proud to say that I was the first person to ever do so. Most of the credit for that achievement, however, belongs to my father. He was my constant advisor, he paid the tuition for the many promotion preparation schools I attended, and, more importantly, constantly motivated me to achieve.

DONALD J. SCHROEDER, PHD

Perhaps the sagest advice my dad gave me was to continue my formal education. As a result, during the time I was working in the NYPD I earned a Master's Degree in Public Administration and a Master's Degree in Philosophy, both from John Jay College of Criminal Justice. Another career shaping event occurred in 1975 when I was loaned by the Police Commissioner to the Education Testing Service at Princeton University to help develop a more valid entrance and promotional process for the NYPD. The six months that I then worked at Princeton laid the foundation for my second career as discussed later.

In 1981 my police career came to abrupt end when I was forced to leave the department because of an injury I suffered when trying to quell a street riot that occurred when I was the Commanding Officer of the 81st Precinct in the Bedford-Stuyvesant section of Brooklyn. Fortunately, upon my retirement from the NYPD I was offered a position as an Adjunct Professor at John Jay College working with the Dean of Special Programs which I eagerly accepted. At that time John Jay was not a state certified Police Academy and, along with a long-term colleague of mine, I was assigned to work with various state agencies to have John Jay certified as a Police Academy which we accomplished in about a year's time. It was during this time that I went back to my post graduate studies at the City University of New York. This led to my being awarded a Ph D in Criminal Justice in 1987.

It was about this time when serendipity led me and Frank Lombardo, my previously mentioned long term colleague, to become the Criminal Justice Authors for the Barrons Book Company. In that capacity we published five books to help those who want to gain entrance into and earn promotion in various law enforcement agencies. One of our books, originally published in 1984, "How to Prepare for the Police Officer Exam", is currently in its tenth edition and has to date sold over 400,000 copies.

It was also about this time when my partner and I left John Jay College and formed our own consulting company which we called "Rems Training Associates". Then during the next thirty years we traveled up and down the east coast holding seminars designed to help thousands of candidates enter and become successful in various criminal justice agencies.

I am currently "almost" fully retired and enjoy my life with Liz, my beautiful wife of over 32 years, who was an NYPD detective when she retired in 2004. In reflecting back over my career, I deem myself a very lucky guy to have been born into a nuclear family with a role model father who understood the value of a good education and sacrificed to make sure his children went to college. I also will always be grateful to have grown up in Whitestone. I can't imagine a finer place to live.

A rare photograph of Whitestone station masters H. V. Truitt and R. E. Jordan posing on the track side of the Whitestone Long Island Railroad station in 1914.

The three level station house, which closed on February 12, 1932 and was torn down in March of 1933, was located opposite what is now Verdis on the Cross Island Parkway.

During the flu pandemic of 1918, passengers waiting for the train refused to enter the station because it was scrubbed daily with disinfectant causing people's eyes to water and burn. Truitt and Jordan lived upstairs while the lower level featured the waiting room, a coffee shop and taxi service.
